JOIN ME.**

---

### LAST MEETING

David Clinch advised that there will be a joint meeting with the Bellerive Club on the Windeward Bound on the 14<sup>th</sup> January 2019.

**SPEAKER Dr Deborah Beswick** (Head of Science at Elizabeth College) spoke about Science Week activities generally and particularly those run by the college for visiting students from Grades 1 to 10. Since Deborah started at the college 19 years ago, the Science Week programmes at the college had grown from 5 to 50 sessions. Deb talked about the various experiments conducted by the college students for the Grade 1. Students from other schools also attended and conducted experiments at the meeting. There were 1,200 visiting students to the college for Science Week. Her motto is "Science is the central part of life".

## PRESIDENT'S NOTES

Rotarians are ambassadors of peace, love and compassion.

We celebrate connection and look to serve where the need is greatest. We're all very busy people but we find the time to care for each other, to choose projects through which we can be proud to make a positive impact; and to tell our Rotary stories so that Rotary can live on beyond us.

Thank you to Rex Maddock for the abundance of golden wattle. That pleasant surprise made for many smiles of delight as we arrived at the meeting.

Last week being Science Week, our focus was on Youth Service. It was a joy to have Deborah Beswick and Diana Nahodil presenting at our meeting and Ralph Teirney thanks for leading the Brain Break.

Thank you to all Rotarians who welcomed our guests.

### **RYDA is coming up.** (Rotary Youth Driver Awareness)

Chris B, Nina, Ralph and Ros will be volunteering, September 7 is the Youth Forum, where once again Nina will represent our club. Thank you all. If you are free, more members would be welcome at the Youth Forum. Lunch is provided.

**How do Rotary projects start?** With one person seeing a possibility. Our speaker this week, Jo Matthews, is here because she had a dream and had the courage to share that dream with others. So when one of her friends saw a write-up of the Rotary Club of Geraldton-Greenough's "Headsets for Dementia" project, straight away Jo came to mind. Jo came to us to offer her service in bringing this project to Hobart. Jo will be accompanied by occupational therapist Mila Bogovac.

**Also this week** I'm looking forward to hearing John Thorne's reflections on the Rotary Convention in Hamburg. I'm sure we'll all be inspired to make our bookings for Rotary Convention in Honolulu (June 2020) and Taipei (2021).

Jenny K is heading back to Melbourne this week for the national RAM (Rotarians Against Malaria) Conference. Go well, Jenny.

Derek and Hellen Chambers are in our thoughts as Derek recovers from his operation. Best wishes from all of us.

This Sunday 25 August is Hot August Jazz. Thank you to Geoffrey for volunteering. He and I will be on meet and greet duties at the Republic from 7 to 9pm.

**News just in from Canberra.** The Cuban MUNA team, which we sponsored, had an amazing weekend. They'll tell us all about their Model United Nations Association experience on 29 October.

To Dear Ros & members of the  
North Hobart Rotary club.

Thank you all for your kind donation to  
my project.

Your generosity will go a long way to  
assist these people who are in dire need  
of basic hygiene essentials that we  
all take for granted.

I thank you from the bottom of my  
heart.

I hope to visit your club soon.

All my love Corrina & Michael Cooke  
xx.
